HEALTH AND HYGIENE COMMITTEE

Good Schools need Good students and Good Students need Good Sanitation. Sanitation is at the core of human dignity and human progress. Access to sanitary toilets not only ensures dignity of the individual but also positively impacts health , well-being and productivity , reduces drop-out rates and encourages regular attendance in schools.

A major aspect of the **AVS GLOBAL SCHOOL** is health and hygiene. Every student is supposed to be fit and healthy. Personal hygiene is carried out and supervised by School Counselor as well as the Principal ; a routine medical check-up is made by the qualified medical physician and is always available on call. However , parents are requested to ensure that their child has undergone all medical check-ups (especially specialist –oriented problems) as may be required, before each academic session.

A cleanliness inspection round in the mess, Classroom and the academic block , is adhered by the Principal and “Cleanliness & Personal Hygiene Committee” constituted for the purpose, time to time necessary measures are taken. More use of phenyl with full care in the toilets is made. A weekly campus cleaning programme is continuous in patience.

The members of Health and Hygiene committee are :
