SCHOOL SAFETY COMMITTEE

Introduction: In their formative years, children spend more time at school than anywhere else other than their own home. At school, children need a secure, positive, and comfortable environment to help them learn and grow. A safe learning environment is essential for students of all ages. Without that they are unable to focus on learning the skills needed for a successful education and future. The issue of school safety is a concern at all levels of government from local to federal.

"**School Safety**" has been defined as creating safe environment for children, starting from their homes to their schools and back. This includes safety from any kind of abuse, violence, psycho-social issue, disaster: natural and manmade, fire, transportation. Emotional safety is especially important because it is often difficult for teachers and parents to detect emotional problems and difficulties in children. Bullying can cause victimized students to suffer from lower self-esteem and daily stress about their well-being. Keeping in view the **AVS GLOBAL SCHOOL** has constituted its own committee to ensure the safety for children as per the guidelines of governing body.

The constituted committee's meeting will be held Bio-Monthly to follow up the cause of the commuted cell.

SL NO	NAME	POST HELD	DESIGNATION
