AVS GLOBAL SCHOOL

VISION

Our vision is to empower each student of our school with globally embodied virtues of life and develop a personality that fabricate the ascend society of individuals

MISSION

As a global institute, AVS Global School is committed to implement the core aspect of the curriculum effectively and subsequently integrated with a global dimension. AVS Global School also emphasizes on the holistic development of a child in terms of intellectual, emotional, social, physical, artistic, creative and spiritual potentials through various activities as per the requisite of the generation.

Learning is a natural ability that every child is born with. The child learns through interacting with the outside world, whether it's work or play. The experiences it internalises during its developmental stage results in profound learning - and the formation of foundational tenets of personality that stay on for a lifetime. Hence it is very important that children are selectively exposed to different experiences so that the right learning is derived.

At AVS Global School, we strive to provide the child with the right eco-system it needs for a balanced and healthy growth which helps in building its future. From an academic regimen which imparts knowledge systematically and in a way the child will enjoy, to a plethora of co-curricular and extracurricular activities, our unique educational philosophy provides for all round development of the individual and fosters the holistic growth.

AVS GLOBALITE'S CORE VALUES

At the AVS Global School, we consider it vital to instill in our students a strong set of core values. This in turn will help shape their lives and the world around them. The AVS Global School focuses on:

Cooperation : 'Sharing and learning together'.

Achievement : 'Persist and try your best'.

Respect : 'Respect each other and our environment'.

Empathy : 'Treat others with care and compassion'.

Peace: 'Forge the peaceful world within the heart!'

Love: 'Wishing another person's happiness and taking pleasure in their well-being. It is unconditional and unselfish'.

Humility: 'Be humble at all the times'.

Tolerance: 'Accepting myself and others even when we make mistakes and accepting others and appreciating differences'.

Patience: 'Being able to wait contentedly'.

Kindness: Treating your neighbour as yourself. A kind person is helpful and has a generous attitude'.

Hope: 'Believing you have both the will and the way to accomplish your goals, whatever they may be'.

Responsibility: 'Doing your share and accepting what is required of you'.

**"Live as if you were to die tomorrow.
Learn as if you were to live forever."**

- Mahatma Gandhi

AVS Educational Trust was founded by Dr. A Veeranna S Sahukhar in the year 2004 with the vision of reaching out to the rural and backward classes and uplift them through education. The chief objective of the Trust is to provide quality education and bring a difference in the lives of people belonging to all segments of society. The institution's educational philosophy celebrates both Indian culture and global ethos, blending modern thought with ancient wisdom.

AVS Global School is backed with the rich experience of successfully managing AVS College of Education for over a decade and

Chairman

CAMPUS

moulding it into a premier educational institution of the region. This is a pioneering and innovative initiative to reach out to the new generations with modern education of contemporary standards.

Our campus is a 10 acre haven of peace and tranquility situated in the scenic hill station of Chikmagalur district of Karnataka. It is located close to the village of MC Halli in Tarikere taluk. Being positioned in the heart of the mighty mountain ranges of the Western Ghats, one of the 18 global bio-diversity hotspots, the region enjoys abundance of verdant greenery with cool temperate climate and quite enjoyable for growing children. The campus is well planned with spacious academic blocks, residential blocks, sports and leisure facilities. Due consideration has been given for ensuring a child friendly campus with sufficient attention being paid to adequate safety and security of children.

PRINCIPAL'S MESSAGE

“By education, I mean an all-round drawing out of the best in child and man - in body, mind and spirit,”

Said the Father of our nation. Being a man who always stood for peace and valued it above political and ideological conflicts, Mahatma Gandhi's views on education were always focused on an all-round education, not just literacy. He stressed on the development of a child as a whole, not just the mind. As educators, we aim to impart the same along with conscientious effort to exemplify the highest ethical standards.

Dear students and prospective parents,
Welcome to AVS Global School.

As Principal, I am extremely delighted to be leading this amazing school. AVS Global School marked the humble beginning of a gratifying quest in 2020 bearing a vision of sculpting the world of education. The school has embarked on an incessant journey wherewith each passing year it has conquered the heights of academic excellence. 'A true hall mark of education', our school has laid its stepping stone with a vision to empower each student with globally embodied virtues of life and develop a personality that transcends limitations.

A pivotal role of education lies in moulding a child in such a way that he/ she is not only equipped with the skills and aptitude required for academic excellence, but also in becoming a balanced human being with core strengths embedded in the learning experiences emanating from our rich socio - cultural roots. Our motto 'Truth Conquers All' clearly defines our institution's goals.

Our predeliction in incorporating an activity-oriented curriculum as part of the Continuous Comprehensive Evaluation that has been advocated by the CBSE will help the students master the art of survival in today's competitive world.

We, at AVS Global School, focus on shaping the future generation in such a way that they excel in their field of expertise, contribute to the society, and are fit to face the challenges of the modern world. I am confident that the AVS Globalites will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

ACADEMICS

Our beautifully designed academic blocks house spacious classrooms and support facilities are equipped with modern teaching aids and infrastructure. Our academic spectrum covers providing quality education to children from Lower Kindergarten up to Secondary level.

We are staffed with well trained teachers who are handpicked for their educational prowess and their aptitude for harmonious interaction with children. In order to ensure personal attention to each child, we maintain a healthy teacher-student ratio as per accepted norms. The academic regimen is also complemented with high focus on holistic development of your child through co-curricular and extra curricular activities.

LABS

Knowledge found in the textbook comes alive in the laboratory. It is in the lab that the child learns to connect theory with reality. Our educational infrastructure includes well equipped laboratories for all domains of knowledge taught in the classroom. We have separate full-fledged science labs for physics, chemistry, biology and an independent computer science lab. There are also labs for mathematics, digital language and social science.

ABACUS

The abacus is one of the world's most ancient calculating tools made of beads sliding on wires. The abacus system of mental calculation is a system where users mentally visualize an abacus to do calculations. Children trained in this method develop extraordinary mathematical ability and mental agility. Our students undergo abacus training right from a young age.

LIBRARY

Our library is a treasure trove of knowledge. It is furnished with a wide ranging collection of books in hard copy spanning all domains of knowledge, literature and the arts. This supplemented with digital collection to suit the needs of modern education. Our library is maintained in conformity with the high standards that The British Council is famous for.

VEDIC MATHEMATICS

Ancient India was the birthplace of many great mathematicians. India's mathematical prowess is enshrined in the Vedic mathematics which imparts skill and speed to the student. We give exposure to our students in the Vedic system of mathematics and enhance their ability to the next level.

HEALTHCARE

Children of different age groups have different healthcare needs. In order to address these concerns, we have set up a full-fledged Infirmary, which is equipped with outpatient facilities and managed by trained nursing personnel. It is supported with the services of doctor-on-call and a roll call of paediatrician and other specialists.

AUDITORIUM AND CONFERENCE HALL

We have a spacious auditorium for hosting various school events, functions, competitions and cultural celebrations. The auditorium has a seating capacity of 2000 and it is equipped with facilities like public address system, stage settings and green room. The school also has a conference hall with a seating capacity for 100.

EXTRACURRICULAR ACTIVITIES

Human personality is complex and diverse. It is only when the child is given freedom to explore the full range of its interests and capabilities that it can grow into a healthy and balanced individual. Our school gives the students the opportunities to discover themselves through their friendly and well guided interactions in different spheres of human endeavour. The following are some of the facilities we have.

Music & Dance: We have a specially designated Music and Dance Studio with all facilities for learning the performing arts. The school regularly conducts classes for the learning of various musical instruments from teachers who are proficient in them. The school offers exposure to Carnatic, Hindustani and Western stream of music.

Theatre: We expose students to theatre at a young age by enacting plays and skits and also giving students an introduction to the stage. The regular practice and the joy of achievement in putting up a successful performance on stage boost the confidence of the students. We also have a Puppet Theatre Room where students are exposed to puppetry.

Arts & Crafts: We have full time drawing and crafts instructors who teach children the intricacies of their creative potential is allowed to bloom by engaging in artistic assignments and participating in arts and crafts competitions.

Scouts & Guides: The school has a full-fledged Scouts & Guides unit where the children are taught survival skills, camping and outdoor living, adventure, love of nature etc. Scouts & Guides is an international movement founded by Baden Powell to encourage young boys and girls to reach their full potential.

Tata Class Edge Smart Class:

AVS Global School has an exclusive arrangement with

Tata Interactive Systems to provide e-learning to our students using Tata Class Edge Smart Class platform. Tata Class Edge offers affordable virtual classroom and interactive whiteboard for schools in India with the aim of innovatively using technology to improve learning outcomes for children through interactive learning

Integrated Foundational Courses and STEM Company:

AVS Global School is empowered with Integrated Foundational Courses and STEM company to familiarise students with STEM (Science, Technology, Engineering, and Mathematics) at an early age and prepare them for a future in STEM based streams.

Robotics & Artificial Intelligence:

Robotics is the future of technology. With man learning to make machines which are more and more intelligent, life has become easy for all. Children who show inclination to technology are given exposure to Robotics and Artificial Intelligence at a young age to enable them to get better understanding of their future possibilities.

Culinary Classes: Cooking is one of the most creative talent based arts. It is also an avenue for tremendously satisfying profession in hospitality industry. In order to introduce children to the joys of cookery at a young age, we hold regular classes in cooking where the children are given exposure to its basic tenets, thereby developing their interest in the field.

Gardening & Horticulture:

Gardening is a highly engaging hobby. We encourage our students to take up gardening and horticulture in our school campus. They are provided with training in the basics of gardening, use of tools and techniques etc. The vegetables and fruits produced in the school garden are used in the school kitchen.

Astronomy Studio:

Our Astronomy Studio introduces our students to the wonders of space and arouses their curiosity in celestial objects. The students are trained in sky watching, identifying stars and constellations and observing cosmic phenomena like solar and lunar eclipse, transit of comets etc.

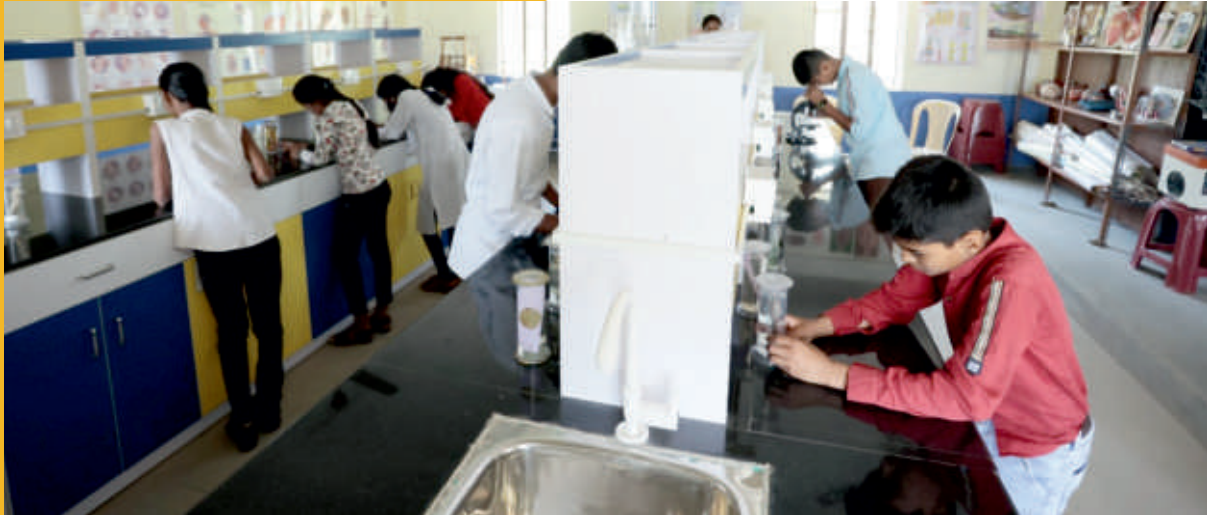

Linguistics: Language is chief medium of human communication. Excellence in one's linguistic abilities is of great advantage in communication. To help students to acquire this, we conduct regular Phonetic Classes and English Communication Class whereby they can get professionally trained to better express themselves.

Yoga: Yoga classes are conducted on a regular basis to make students health conscious and also to make them develop healthy lifestyle which will stay with them for a lifetime.

CLUBS

In order to nurture the innate talents of children, AVS Global School has set up various clubs where the members are provided opportunities to develop their special interests. Adventure Club, Symphony Club, Sports Club, Literary Club, Eco Club and Science Club are some of the in-house clubs of the school.

SPORTS FACILITIES

Physical fitness and sporting abilities are a part of the child's learning process for developing sound mind in sound body. Our school offers wide ranging sports facilities in order to give opportunity to students to explore their interest in different sports and excel in those they are good at. These facilities are administered under the care of full time physical instructors and attendees.

Our school has large playground with track to facilitate excellence in athletics. The school offers adequate facilities for playing popular games like Cricket, Soccer, Throw Ball, Hand Ball, Volleyball, Kabaddi and Hockey.

We also maintain a separate space for indoor games and also a play garden for kindergarten. A fully equipped gymnasium and swimming pool are a part of the facilities we provide along with exclusive courts for playing badminton and shuttle.

Martial arts like Karate and Taekwondo too are taught in the school.

CELEBRATIONS

Festivals enable us to identify and integrate with our culture. They bring joy to life and foster mutually respectful relationships with our fellowmen. At AVS Global School, we celebrate all national festivals like Independence Day, Republic Day and Gandhi Jayanti. We also celebrate religious festivals like Deepavali, Christmas and Ramzan to highlight their significance and bring about social harmony. Other festivals we celebrate are:

Yet another innovation on our campus is seasonal festivals. We celebrate the different seasons of the year, such as Autumn, Spring, Harvest, Winter and Summer with unique campus festivals dedicated to the respective themes.

TREKKING AND TOURS

Students are taken on annual long distance tours - domestic and international - to open their eyes to the splendour of history and natural heritage. Short visits are also arranged to nearby places of interest to enable children to become more involved in their surroundings.

REFECTORY

Eating together is the essence of living together. Sharing the dining table with friends and loved ones gives a sense of being one with humanity. At AVS Global School we have a comfortable, spacious and well furnished Dining hall and Cafeteria for the students. The dining and cooking areas are hygienically maintained by experienced personnel who are professional trained in food and hospitality industry. Breakfast, lunch and snacks are served here followed scientifically designed diet.

SAFETY & SECURITY

Safety and security of the students is given optimum importance on the campus. All the children are issued automatic ID cards which are affixed with GPS tracking device to ensure that no child is lost. The entire campus is monitored by trained security personnel. CCTVs are installed at all vantage points of the campus and in the academic blocks and the classrooms for security surveillance. We maintain a fleet of air-conditioned buses for safe transport of the students. The buses are operated by trained drivers and female student attendees.

PICK AND DROP SERVICE

We have chosen safe and best option for your kids transport from home to school and back. Our school buses comprising Bharat Benz vehicles top all the safety standards set by road transport regulations.
